Weekly Reading Minute Total: \_\_\_\_\_minutes

I hope everyone had a wonderful Thanksgiving! It was certainly nice to have a break, but it was also nice to welcome your child back to school today. This week we will be reviewing concepts covered in our second reading theme, Nature Walk, followed by our integrated theme test on Friday. As I told many of you during conferences, I will only read the selection and questions to students during this assessment - instead of giving full support like with our first test. Our spelling list is also a review of former spelling patterns. Several of this week's words can fit into more than one category. When that is the case, those words will be considered oddballs. In math, most classes will finish Unit 3 on Thursday or Friday of this week. If you did not schedule a conference with me the week before Thanksgiving and would still like to meet, please let me know what days and times you would be available to meet and I will get back to you. If you are not interested in meeting, I will send your child's conference packet home on Friday.

Have a great week!
