

# THE BUZZ IN 115

misstereickssecondgrade.weebly.com

November 9, 2018

Dear Parents,

On Monday, we played with parachute in gym. We put monsters and balls on the parachute. One got stuck on the ceiling. We played the gamalong in the multipurpose room. Everyone got to use the gong. It was our last day with the gamalong. We gave three cheers for two kids.

On Tuesday, we had a subtraction test. We had indoor recess. We switched classrooms. We went to Ms. Young's classroom and learned about weather. We talked about levers in science. We had fun in science.

On Wednesday, we got November fun packets. We went outside and there was snow on the ground. We had Switch and did fun things. We made weather journals in Ms. Young's class. We gave a thumbs up or thumbs down about our day before music and gym. We had Ask Me About earlier. In music, we watched three videos of the 4<sup>th</sup> and 5<sup>th</sup> graders playing the gamalong. We had a fun day!

On Thursday, we did fact triangles in math. We had a timed test. We had art and had fun. Someone got a trading card in art. We all had fun at school.

On Friday, we played a game in math. There was snow on the ground and when we went out for recess. Some had snowpants and rolled down the hill at recess. We had an assembly. In the assembly, we played Sentence Switcheroo. In music, we played with book whackers. We did a really good job in music. We had the best day!

Books we read together: In the Snow, In the Woods, Around the Pond, and many, many more!

Have a great week!

Kids in Room 115  
& Miss TerEick

## A WEEK AT NEXT WEEK

Star of the Week: Brooklyn

### Language Arts

Comprehension Skill: Compare and Contrast, Fact and Opinion, Categorize and Classify

Phonics/Spelling Skill: Long Vowels CVCe o, u, e; Consonant Clusters, and Double Consonants
